

XXXIV Jornadas Luso-Espanholas de Gestão Científica
XXXIV Portuguese-Spanish Conference on Scientific Management

Digital Transformation, Sustainable Solutions: Shaping the Management of Tomorrow

Universidade da Beira Interior, Covilhã, Portugal

29 January – 1 February 2025, <https://jornadas2025.ubi.pt/>

Dear Researchers,

As we gear up for another successful edition of the Jornadas Luso-Espanholas de Gestão Científica (JLEGC), we are excited to invite you to participate in the edition XXXIV of JLEGC, which will take place from January 29 to February 1 in the beautiful city of Covilhã at the University of Beira Interior. NECE research centre, the Faculty of Human and Social Sciences, and the Management and Economics Department will host this great event that holds a special place in fostering collaboration and the exchange of ideas between Portuguese and Spanish researchers and practitioners, as well as participants from other countries, in the field of management sciences. Our aim is to provide a platform for scholars, professionals, and students to engage in meaningful discussions, share their research findings, and explore avenues for future collaboration. We invite submissions from researchers and practitioners across various domains of management sciences. We are committed to curating a diverse and engaging programme that caters to the interests and aspirations of our attendees.

Best Regards,

Armida do Paço, Ricardo Gouveia Rodrigues & Mário Raposo,
Co-chairs of the Organizing Committee, (jornadas.legc@ubi.pt)
